STEWARDSHIP THOUGHT

Jesus, whom God called “my beloved Son,” is also the “servant” of whom Isaiah speaks in the first reading. We who are baptized in Christ must follow His example and use our time and resources in the service of God and neighbor.

We need your Blessed Palms

Please remember to bring your blessed palms and place in the basket by the Baptismal Font. The palms are burned and the ashes are used on Ash Wednesday to mark the beginning of the Lenten Practice.

LAST SUNDAY'S OFFERING/ OFRENDAS DE LA SEMANA PASADA

"Weekly church collection results will no longer be posted in the bulletin. Instead, summary results for the previous month will be reported to the parish the first Sunday of each month."

St. Anne is a “Fair Share Parish.” As a Fair Share Parish we ask those who are able to give a weekly fair share offering of **\$48.00**. We also ask those who are able to prayerfully consider giving extra share for those who are unable to give. For your convenience, Electronic Funds Transfer (EFT) forms are available. This is an easy way to give your fair share each week. Forms are available in the foyer and office.

*Your generosity is your return to the Lord for his goodness to you.
Make an investment in the reign of God today!*

FAITH FORMATION

Faith Formation Classes resumed last week. We were missing some of you, so we are looking forward to the return of all our students this week. Also, families please bring your children to worship every week with the praying community at Sunday Mass (or Saturday evening). What your priorities are, will be the priorities your children adopt also. Let's lead by example. The Liturgy of the Word nurtures us each week with wisdom and challenges, and the Liturgy of the Eucharist is Jesus humbly offering Himself to us ... how can we stay away?

First Communion Families please save **Tuesday, January 12th**, to celebrate your child's **First Reconciliation**. It will take place in the Community Life Center at 6:30pm. The whole family is invited to share this special moment.

Catechists meeting will take place on **Sunday, January 10th** at 11:45am in Room 2. This is for all Pre-K through 8th grade catechists and aides. Thank you for saving the date.

Adult Faith Formation Class continues Monday, January 11^h at 6:30PM in the Fireside Room

Catholic Action Principles

Submit to a Higher Power

Look at the big picture. You build your life upon your Catholic faith. You aren't afraid to tell others of your beliefs. You stand for positive values. You are ethical in your dealings. You pray and meditate to have the courage to face your fears. You pray and meditate to have the strength to accept, endure and triumph over the hardships and small daily annoyances that the path to success will present. You celebrate the good that you find in the world.

With humility, submit. You are but one fragile, fallible human. Every religion has prayers. A prayer is your conversation with God. Your success and happiness is God's answer. Your selfless good works in helping others are your prayers put into action.

HEALTH BENEFITS OF HONEY – Part 3

For centuries honey has been regarded as a wonderful gift of nature in which the properties of an excellent food, beneficial alike to adults and children, are combined with medicinal properties. Ancient Russian manuscripts attached great importance to honey as a medicine. Popular medicine has successfully used it for many diseases from time immemorial. The results of experiments and observations made by the medical science in recent decades have proved that honey is an important medicine possessing many-sided therapeutic properties.

Honey is very effective in the treatment of some pathological conditions of the intestinal tract, the respiratory organs, the heart, and the nerves.

The knowledge that bee venom possesses medicinal properties has come down to us from remote antiquity. Written evidence, as well as the observations of many beekeepers and our own long experience, confirm the effectiveness of been venom in the treatment of rheumatic fever, neuritis and some other diseases.

Honey may also be effective in the treatment of your ulcers. In Europe, honey has been used internally to help cure ulcers, particularly stomach ulcers. Burns, too, heal better with honey, studies show. The advantage of honey is that it not only prevents infections from occurring, it actually accelerates skin healing. Since the sugar in honey absorbs water it helps to trap some of the moisture so that the bacteria and other microbes can't grow as easily as in other food.

Other Benefits of Honey -Easily digested: Because sugar molecules in honey can convert into other sugars (e.g. fructose to glucose), honey is easily digested by the most sensitive stomachs, despite its high acid content. It helps kidneys and intestines to function better.

PLEASE- Remember to use the phone in the office or at the AV area in the hall and not a cell phone to call 911. Your cell phone will reach Sacramento CHP and precious time will be wasted.
