**STEWARDSHIP THOUGHT**

“Blessed are they who have not seen and have believed,” Jesus says in today's Gospel. For those who have not seen to believe, however, we must be good stewards of our faith, living it joyfully and sharing it generously. Then, in our time too, “men and women in great numbers” will be “added to the Lord.”

**Mass on Saturday April 17<sup>th</sup>**  
**will be in the hall**

**FAITH FORMATION**

**April 23rd, 9:00am-12noon, is the First Communion Retreat day for child and parent.** Father Ron will spend the morning with you in preparation for this family celebration. Every First Communion child (2nd-8th) is expected to participate in this morning retreat with one parent. During this retreat, we will rehearse for each First Communion Mass. Thank you for letting us help you prepare your child.

Your **Child's First Communion Faith Banner** may be brought to class on Sundays or at the Parent-Child First Holy Communion Retreat Day, April 24th. It tells our congregation a little about your family faith life and names your special family member.

**First Communion individual pictures** will be taken by Ahern Photography on Tuesday, May 11th from 5:30pm-8:00pm. Information will be shared on Sunday at class.

Please **save** the date: **Monday, May 17th, 6:30pm** for the Final Mass and celebration of our Family Faith Formation Program. Father Ron will celebrate this evening with us.

**Parent Meeting for Pre-K through 8th Grade Parents** on Monday, May 3rd at 6:30pm.

At **Mass**, please encourage your **children to come and ring the bells during the Gloria of the Mass.** This is one little way to have them **participate** during the liturgy, and they love it. Remember the Gloria comes right at the beginning of the Mass, so sit up front and be ready to jingle the bells for joy! Jesus is Risen!

## Nurses Notes

### Antioxidants

What is all the fuss about antioxidants? Everywhere you go these days antioxidant is always being mentioned. You hear it on TV, and the radio. You read it on health magazines, newspapers, and the internet. I was even introduced to a drink called Mona Vie at a party. This drink contains a fruit that can only be harvested in the tropical jungles of Brazil. This amazing fruit called the acai berry supposedly contains very high amount of antioxidants. With so much curiosity about antioxidants, I did some researching by going to Borders, and browsed the internet (i.e. WebMD, etc.) to get some answers. And here's what I found.

#### How Antioxidants Work

**Antioxidants minimize damage to your cells from free radicals.**

An apple slice turns brown. Fish becomes rancid. A cut on your skin is raw and inflamed. All of these result from a natural process called oxidation. It happens to all cells in nature, including the ones in your body. To help your body protect itself from the rigors of oxidation, Mother Nature provides thousands of different antioxidants in various amounts in fruits, vegetables, whole grains, nuts, and legumes. When your body needs to put up its best defense, especially true in today's environment, antioxidants are crucial to your health.

#### Part 2 - How Antioxidants Help Prevent Oxidation

**PLEASE-** Remember to use the phone in the office or at the AV area in the hall and not a cell phone to call 911. Your cell phone will reach Sacramento CHP and precious time will be wasted.

## **Garden Ministry**

St. Anne Garden Ministry is in its 2<sup>nd</sup> year of operation and has produced over 1000 lbs of produce for those in need in our community. We hope to produce double that for this coming year with the added space Fr. Ron has allowed us to use for the Garden. To make this happen, we need your support. We are selling See's Candy and garden items after each Mass. If you are interested in becoming part of our team, there will be a signup sheet at the table. Please come by the Garden table and help us serve others!
