STEWARDSHIP THOUGHT

We can hear God speaking to us today in the words of the father to his elder son: "You are with me always, and everything I have is yours." What is my response to such remarkable generosity? Do I give joyfully and generously as God gives to me?

**LAST SUNDAY'S OFFERING/
OFRENDAS DE LA SEMANA PASADA**

The weekly offering is extremely important to St. Anne Parish in order to meet our operational responsibilities. We ask that you prayerfully consider a consistent offering that will assist in meeting those responsibilities.

For your consideration:

- ⇒ Sign up for the Weekly Envelope Program by registering with St. Anne.
- ⇒ A convenient method is through Electronic Funds Transfer (EFT). This method is an easy way to provide St. Anne with your Sunday Offering.
- ⇒ Enroll in a Script Program. This is a no cost way of supporting our ministries and programs, in addition to our weekly offerings.

*Your generosity is your return to the Lord for his goodness to you.
Make an investment in the reign of God today!*

FAITH FORMATION

FAITH FORMATION ... REGISTER NOW!

Thank you, if you have already registered for this 2010-2011 year.

If not, we encourage you to register as soon as possible.

THANK YOU Two parishioners have joined the Faith Formation faculty as Catechist and helper.

Welcome to Stephanie Durflinger as 5th Grade catechist, and to Paula Castronuevo as 2nd Grade helper.

We are grateful for your generosity and willingness to share your faith with our children.

Our 1st grade class is bulging. Thank you to a new parishioner who has volunteered to teach our 1st graders. We welcome, Marin Roman, as our new 1st Grade Catechist. Now, is there one willing person who would like to share their faith as helper for our Monday night 1st grade class? The Holy Spirit may be calling you. It would be ideal if the children could be in smaller classes since we only have one precious hour with them. Please call Sister Barbara 925-634-6625.

Peter's Pence Collection

Next Week our diocese will take up the Peter's Pence Collection, which provides the Holy Father with the assistance he needs to carry out his most important charitable works. The proceeds benefit the most disadvantaged: victims of war, oppression, and disasters. Through your generosity, with Pope Benedict we can cast the love of Christ upon the world.

The Directories have arrived!!!

If you had your picture taken you can pick your directory up in the office.

Catholic Action Principles

Show Loyalty

Be a stand-up person. You stand for your family, country, friends and Catholic faith. When and if trouble comes, let others have no doubt that they can count on you for help and support. Your commitments don't waver with the moods of the moment. You don't hesitate to act.

You are consistent, devoted, faithful and true. You aren't a one-day-a-week Catholic. You are a Catholic through and through. You stand for your beliefs and values. You aren't afraid to pledge allegiance to what is right. You will speak and act for the unborn, the homeless, the lonely, the condemned, the underrepresented and the mistreated. You will speak and act for world peace. You will speak and act in support of our clergy. This is loyalty.

CHOLESTEROL

Cholesterol is a waxy, fat-like substance made in the liver and other cells and found in certain foods, such as food from animals, like dairy products, eggs, and meat.

The body needs some cholesterol in order to function properly. Its cell walls, or membranes need cholesterol in order to produce hormones, Vitamin D, and the bile acids that help digest fat. The body only needs a limited amount of cholesterol to meet its needs. When too much is present health problems such as heart disease may develop.

When too much cholesterol is present, plaque (a thick, hard deposit) may form in the bodies arteries narrowing the space for blood to flow to the heart. Over time, this buildup causes atherosclerosis (hardening of the arteries) which can lead to heart disease.

When not enough oxygen-carrying blood reaches the heart, chest pain -or angina- can result. If the blood supply to a portion of the heart is completely cut off by total blockage of a coronary artery, the results is a heart attack.

Cholesterol travels through the blood attached to a protein—this cholesterol/protein package is called a lipoprotein. Lipoproteins are classified as high density, low density, or very low density, depending on how much protein there is in relation to fat.

1. Low density lipoproteins (LDL): also called “bad” cholesterol, can cause buildup of plaque on the walls of arteries. The more LDL there is in the blood, the greater risk of heart disease.
2. High density lipoproteins (HDL): also called “good” cholesterol, helps the body get rid of bad cholesterol in the blood. The more HDL there is, the better. Low levels of HDL increases the risk of heart disease.
3. Very Low density lipoproteins (VLDL): is similar to LDL but contains mostly fat and not much protein.
4. Triglycerides: Are another type of fat that is carried in the blood by very low density lipoproteins. Excess calories, alcohol, or sugar are converted into triglycerides and stored in fat cells throughout the body.

Next week – Cholesterol, Cont’d

PLEASE- Remember to use the phone in the office or at the AV area in the hall and not a cell phone to call 911. Your cell phone will reach Sacramento CHP and precious time will be wasted.
